

You're invited!

Learning about Kingsland

Hello! My name is Viviana Reinberg, I am a community social worker with Calgary Neighbourhoods, The City of Calgary. I am doing a community assessment in Kingsland and I would like invite you to participate.

What is a community assessment?

- An inventory of who is in the community, what's happening, who's doing what (programs, activities).
- Learning about social issues affecting neighbours

Why an assessment?

- To help our social work program make decisions about resources.
- To share the results with the community and make connections among neighbours

At one of the community conversations, you will have an opportunity to:

- ❖ Meet neighbours and have a chance to build community
- ❖ Find out about activities you could do you might not know existed!
- ❖ Share your hopes & dreams for Kingsland

We would like to learn from you...

Strengths and challenges of living in Kingsland

Programs & services you would access if they were offered in Kingsland

How you might want to become involved in community

Social issues affecting you and your neighbours

**I would be happy to treat you for coffee and chat!
Or I can invite you to a community conversation in the near future.
Or, you can send me your input via email!**

Please contact me, Viviana Reinberg, community social worker, at 403 476-7280, viviana.reinberg@calgary.ca
